

EB Euro Gouvernement Bond Climate Tracker

This internal branch 23 investment fund is marketed by Allianz Benelux SA/NV in the group insurances. Your payments are converted into units of the fund and are assigned to the contract.

INVESTMENT POLICY

The assets of the internal investment fund are invested 100% in the iShares € Govt Bond Climate UCITS ETF (IE00BLDGH553) of iShares III plc, an umbrella company incorporated under the laws of Ireland and authorized as an Undertaking for Collective Investment in Transferable Securities ("UCITS"), designed by BlackRock Asset Management Ireland Limited. The Fund's objective is to achieve a return on investment, through a combination of capital growth and income from the Fund's assets, similar to the return on the FTSE Advanced Climate Risk-Adjusted European Monetary Union Government Bond Index (the Index). This climate-risk-adjusted index provides exposure to investment-grade Eurozone government bonds.

The summary risk indicator is a guide to the level of risk of this Fund compared to other products. It shows how likely it is that the Fund will lose money because of movements in the markets or because we are not able to pay you. The sub-fund invests in financial markets and uses techniques and instruments which are subject to fluctuations, which can result in gains or losses.

Due to the stock portion in the sub-fund, depreciations are possible. In periods of rising interest rates, interest fluctuations can also cause depreciations of the bonds.
