

# EB Target Absolute Return

This internal branch 23 investment fund is marketed by Allianz Benelux SA/NV in the group insurances. Your payments are converted into units of the fund and are assigned to the contract.

## INVESTMENT POLICY

The assets of the internal investment fund are 100% invested in the sub-fund **Income Fund** of the fund **PIMCO Funds: Global Investors Series plc**, organised under the laws of Ireland.

The sub-fund's investment policy consists of generating income while maintaining the originally invested amount by a broad-based approach to investing in income generating bonds. The sub-fund taps into multiple areas of the global bond market, and employs PIMCO's vast analytical capabilities and sector expertise to help temper the risks of high income investing. This approach seeks to provide consistent income over the long term.

## SUMMARY RISK INDICATOR (SRI)

Lower risk  
Typically lower rewards

Higher risk  
Typically higher rewards

## RECOMMENDED HOLDING PERIOD

3 years

## Launch date

15/03/2016

The summary risk indicator is a guide to the level of risk of this Fund compared to other products. It shows how likely it is that the Fund will lose money because of movements in the markets or because we are not able to pay you. The sub-fund invests in financial markets and uses techniques and instruments which are subject to fluctuations, which can result in gains or losses.

The sub-fund may invest in non-U.S. and non-eurozone securities which involve potentially higher risks including currency fluctuations and political or economic developments. These risks may be enhanced when investing in emerging markets or derivatives as part of an efficient portfolio management.

## MORNINGSTAR RATING™

EB Target Absolute Return

Rating on a scale from 1 to 5 on 31/08/2024. Morningstar evaluates the investment funds based on a weighted average of the returns over a period of 3, 5 and 10 years. The investment funds are then ordered within their Morningstar categories by risk/return ratio. The top 10% are awarded 5 stars, the bottom 10% gets 1 star. Also see the "© 2023 Morningstar, Inc." footnote at the bottom of the last page of this report.

<sup>1</sup> The costs that are charged directly to the fund are included in the net asset value (NAV) and in the return. These are gross performances that do not take account of front-load and back-load fees or the premium tax that is charged to the contract. This past performances are not a reliable indicator for future performances.

\* These indicators and other financial terms are explained in our glossary.

## ASSETS

- + Multi-sector flexibility utilized across the broadest global opportunity set to harness PIMCO's best yield-generating ideas in fixed income.
- + Primary objective of maximizing income sought without stretching for yield and exposing the portfolio to excessive risk.
- + Benchmark-agnostic investment approach, tactically taking advantage of opportunities without traditional index constraints.
- + Wide duration bands (0-8 years) afford the sub-fund flexibility to navigate dynamic rate environments.

## RISKS

- The sub-fund may invest in non-U.S. and non-eurozone securities which involve potentially higher risks including currency fluctuations and political or economic developments.
- Funds that invest in High Yield, lower-rated securities, will generally involve greater volatility and risk to principal than investments in higher-rated securities.
- The sub-fund may use derivatives for hedging or as part of its investment strategy which may involve certain costs and risks.
