

EB Global Bonds ESG

This internal branch 23 investment fund is marketed by Allianz Benelux SA/NV in the group insurances. Your payments are converted into units of the fund and are assigned to the contract.

INVESTMENT POLICY

The assets of the internal investment fund are 100% invested in the sub-fund **Global Bond ESG Fund** of the fund **PIMCO Funds: Global Investors Series plc**, organised under the laws of Ireland.

The sub-fund is a diverse, actively managed portfolio of global fixed-income securities, selected according to PIMCO's internal ESG (Environmental, Social and Governance) screening process. The sub-fund invests primarily in a diversified portfolio of investment grade bonds from around the world, on the basis of PIMCO's ESG exclusions, evaluation and engagement decisions.

The summary risk indicator is a guide to the level of risk of this Fund compared to other products. It shows how likely it is that the Fund will lose money because of movements in the markets or because we are not able to pay you. The sub-fund invests in financial markets and uses techniques and instruments which are subject to fluctuations, which can result in gains or losses.

The sub-fund may invest in non-U.S. and non-eurozone securities which involve potentially higher risks including currency fluctuations and political or economic developments. These may be enhanced when investing in emerging markets.

MORNINGSTAR RATING™

EB Global Bonds ESG

Rating on a scale from 1 to 5 on 31/12/2023. Morningstar evaluates the investment funds based on a weighted average of the returns over a period of 3, 5 and 10 years. The investment funds are then ordered within their Morningstar categories by risk/return ratio. The top 10% are awarded 5 stars, the bottom 10% gets 1 star. Also see the "© 2023 Morningstar, Inc." footnote at the bottom of the last page of this report.

¹ The costs that are charged directly to the fund are included in the net asset value (NAV) and in the return. These are gross performances that do not take account of front-load and back-load fees or the premium tax that is charged to the contract. This past performances are not a reliable indicator for future performances.

* These indicators and other financial terms are explained in our glossary. Footnotes are included on the third page of each fund sheet.

ASSETS

- + Seeking to maximize total return, consistent with preservation of capital and prudent investment management.
- + The sub-fund will favour issuers with best-in-class ESG practices and those that are working to enhance them.

RISKS

- The sub-fund may invest in non-U.S. and non-eurozone securities which involve potentially higher risks including currency fluctuations and political or economic developments. These may be enhanced when investing in emerging markets.
- Funds that invest in High Yield, lower-rated securities, will generally involve greater volatility and risk to principal than investments in higher-rated securities.
- The sub-fund may use derivatives for hedging or as part of its investment strategy which may involve certain costs and risks. Portfolios investing in derivatives could lose more than the principal amount invested.
